BIOCON ACADEMY

Developing High End Talent For The Bioworld

The evolving science in the Biotech sector is leading to a demand for high-skilled jobs in India. However, a wide gap currently exists between the quality of human capital available and the needs of the industry. Biocon Academy aims to address this talent deficit by developing industry-ready human capital for the Biopharma sector and enable global competitiveness of the sector.

As a premier Biotech Company, Biocon is in a position to lead the way in providing the Biotech industry, the best professionals with the right orientation and training. By collaborating with leading academic institutions globally to bring world class training programs for biotech students in India, Biocon Academy aims to become the Center of Excellence for Advanced Learning in Biosciences that leads the way in transforming the industry and the community.

Our Vision

To become a recognized center for advanced learning in Biosciences that will provide the required proficiency for enhanced career prospects for Biotechnology and Engineering graduates.

Our Mission

To train and develop Industry ready talent for the Biopharma sector to enable global competitiveness.

Course Fee

Biocon Scholarship **75%**
of the program fee
to all selected students.

**Revised Program Fee -
INR 8,00,000**

**Revised Student's Fee -
INR 2,00,000 + 18% GST**

Biocon KGI Certificate Program In Biosciences

- 18-week full time program is a 'best-in-class' program that transforms graduate and post graduate students into industry ready professionals
- Curriculum covering Industrial Processes, Production, Quality Assurance, Regulatory Affairs and Product Development
- Hands-on industry exposure in Biocon's state-of-the-art Labs
- Intensive training under the mentorship of renowned faculty from Biocon Academy, KGI and Subject Matter Experts of Biocon
- Experiential learning at BIOZEEN and Thermo Fisher Scientific
- Students will gain 12 US credit points making it easier to pursue higher studies in US

BITS Biocon Certificate Program in Applied Industrial Microbiology

- 8-week full-time Program delivered by renowned Faculty from BITS and Biocon Academy
- Face-to-Face interaction with renowned Subject Matter Experts from Biocon and Academia
- Functional visits to QC & Manufacturing Facilities, practical sessions and GMP training at Biocon
- Intensive Professional Skill Development training sessions
- Experiential learning at BIOZEEN

Biocon - KGI Certificate Program in Clinical Development

- 16-week full-time program training for Pharmacy Graduates and Life Sciences Post Graduates in Clinical Trial Design & Execution, Clinical Data Management, Statistical Analysis and much more
